

NaSCoVIP

Call for Participation

National Seminar on Computer Vision and Image Processing (NaSCoVIP 2006)

February 17 – 18, 2006

DA-IICT

Jointly Organized by

Dhirubhai Ambani Institute of Information and Communication Technology, Gandhinagar & IEEE Gujarat Section

General Chair

S. C. Sahasrabudhe

Program Co-Chair

M. M. Pandey

National Advisory Committee

A.R. Dasgupta
Arun K. Pujari
Bhabatosh Chanda
K. L. Mazumder
Malay K. Kundu
Santanu Chaudhury
Somnath Sengupta
Subhasis Chaudhuri
Venkatesh K S
V. P. Sinha

Technical Program Committee

Anil Roy
Anutosh Maitra
Ashish Jadhav
Asim Banerjee
B. Kartikeyan
M. V. Joshi
Suman K. Mitra

Organizing Committee

Amit Bhatt
B. Gopalakrishna
Deepak Mathur
Gautam Dutta
Kuntal De
Narendra Shukla
P. K. Shrivastava
Rahul Dubey
R. B. Lenin
Santanu Chowdhury
Snigdha Biswas

Objective: With the explosion of Internet technology and graphics engines, there has been a massive growth in the research area of computer vision and image processing. While the field of image processing deals with processing of digital images that are two-dimensional entities, computer vision adds the third dimension by computing the depth of the object. With a view to promote research and developmental activities in India in computer vision and image processing and the related fields by assembling experts and the researchers of the fields under one umbrella, a two-day national level seminar is proposed. The primary goal of the seminar is to promote scientific information exchange amongst experts, researchers, developers, engineers, students, and practitioners working in the country. The scientific program of the seminar will consist of presentations by leading experts from all over India in the field of computer vision and image processing. The experts will address the recent developments and trends in the fields. The Participants will get enough opportunity to enhance their knowledge regarding the recent state-of-the-art in the fields through interaction with experts. This will stimulate the research potential of the candidates who wish to pursue Doctoral degree in the related fields. In addition, the Participants will learn some of the techniques used in computer vision and image processing through Laboratory session.

Theme: Recent Trends and Developments in the field of Computer Vision and Image Processing.

Participants: Senior under graduate students, graduate students, researchers from academia as well as industry and faculty members interested in the field of computer vision and image processing from all over India are encouraged to participate.

Tentative speakers:

Subhasis Chaudhuri, IIT, Bombay
Bhabatosh Chanda, ISI, Kolkata
Santanu Chaudhury, IIT, Delhi
Venkatesh K Subramanian, IIT, Kanpur
P. K. Shrivastava, ISRO, Ahmedabad
Santanu Chowdhury, ISRO, Ahmedabad
Asim Banerjee, DA-IICT, Gandhinagar
Manjunath V. Joshi, DA-IICT, Gandhinagar
Suman K. Mitra, DA-IICT, Gandhinagar

Important Dates:

Seminar: **February 17–18, 2006**
Registration open: **January 2, 2006**
Early Bird Registration: **January 25, 2006**
Registration close: **February 10, 2006**

Registration:

- All participants need to register and pay fees.
- For more information on registration and payment visit seminar website <http://ieee.da-iict.org/nascovip>

		Early Bird	Late
Student	IEEE Member	Rs. 500	Rs. 650
	Non Member	Rs. 800	Rs. 1000
Researchers/ Professionals		Rs. 1250	Rs. 1500

About DA-IICT: Promoted by the Dhirubhai Ambani Foundation and the Reliance Group, in pursuance of a Memorandum of Understanding entered into with the Government of Gujarat, to impart information and communication technology (ICT) education and research of international standards. The intellectual ambience at DA-IICT is creating a technology knowledge hub and virtual feel that can trigger the scientific brain-power of the learners and researchers, and challenge them to shape up as knowledge workers and intellectual leaders. The green campus of DA-IICT is at Gandhinagar, the capital of the state of Gujarat. The city of Ahmedabad is about 25 km.s from the Institute, while the domestic and international airports are just about 15 km.s away.
